

School of Infant  
mental  
health

It can be too late,  
but never too early.<sup>SM</sup>

## ONE-DAY WORKSHOP

**This workshop is an introduction to:**

- the psychological impact of violence and trauma in early childhood and the ramifications in later life.
- Understanding the traumas that cause re-enactment.
- the effects of damage on early development and its impact on the developing brain
- the use of different psychotherapeutic approaches, energy therapies and psychoanalysis

### **SPEAKERS:**

**Valerie Sinason, Consultant Research Psychotherapist/  
Psychoanalyst; Director, Clinic for Dissociative Studies**

-Survivors of physical & emotional trauma from pregnancy to 5yrs

**Dr Phil Mollon PhD. Consultant for The Association of  
Comprehensive Energy Psychology**

-Understanding how emotional distress and dysfunctional patterns are encoded in the body-mind-energy system.
